- December 25 ~ Christmas Day

Frequently Asked Questions

What does this symbol mean?

This FMAA Certification seal is your assurance that this product has been made in the U.S.A. of materials that are domestic in origin and that all processes in every step of the U.S. flag's manufacture were completed in U.S.A. facilities with U.S.A. labor.

Are all the flags in this catalog made in the U.S.A.?

All of the American, State, Armed Forces, International and Religious flags and all of our patriotic decorations are made in the U.S.A. with materials that are domestic in origin. Some of our Special Interest products such as the Officially Licensed sports team flags are imported. Unless it is noted on the catalog page on which they are sold, the flags are made in the U.S.A.

How are your flags made?

We manufacture our flags using the best methods of 21st century technology. U.S. flags are manufactured with advanced stand-up sewing production techniques; state, international and custom flags are digitally printed and screen-dyed to exact official color specifications; our in-house research and testing laboratories, together with the art department, are constantly monitoring dye formulas to ensure accuracy of the colors.

What is the significance of fringe on U.S. flags and other flags?

There is no significance to fringe on a flag. It is purely decorative.

Should the U.S. Flag always be folded in a triangle?

Folding the U.S. Flag in a triangle shape bestows honor and respect upon the flag. There are many traditional flag folding ceremonies that conclude by folding the flag into a triangle shape however, there is no one official or "correct" ceremony. The Flag Code of the United States mentions that the U.S. Flag should be handled with respect but does not mandate folding the Flag into any particular shape.

What is the proper order in which to display the State flags?

State flags should be displayed from left to right, in the order that the states were admitted to the union, followed by the territories in the order that they became territories.

What is the proper order in which to display the Armed Forces flags?

When the flags of the five services are displayed together, protocol requires that they appear (from the standpoint of an observer facing them) arranged from left to right in the following order, Army, Marine Corps, Navy, Air Force, and Coast Guard.

What is the Proper Display of the POW-MIA flag?

When displayed from a single flag pole, the POW/MIA flag should fly directly below, and be no larger than, the United States flag. If on separate poles, the U.S. flag should always be placed to the right of other flags. On the six national observances for which Congress has ordered display of the POW/ MIA flag, it is flown as second in order of precedence.

New Annin Products for 2014

LIBERTY TELESCOPING FLAGPOLE

Features the No-Drop Posi-Loc® dual-locking system, which prevents the pole from collapsing. The pole is fully adjustable from 9 1/2 to 21 feet. The flag of your choice will wave freely with the 360° No-Wrap Swivel System. [See page 61](#)

3' x 5' Leather Tabs	021900	44.80
3' x 5' Velcro Tabs	378845	44.80

Embroidered Stars

Large, vivid stars are richly embroidered with ultra-bright polyester thread or, in the case of flags 15' x 25' or larger, brilliant white star appliqués.

Color-Matched Stitching

Seams are double-needle stitched with premium, extra strength polyester thread, color-matched to stripes with back-stitch reinforcement.

Lock-Stitched Fly Ends

Four rows of high strength lock-stitching on the fly ends reduces fraying and extends the flag's life (Six rows on larger flags).

Secure Flag Attachments

Sturdy, weather resistant brass grommets provide greater flag security in flags up to 6' x 10'. Larger flags feature a roped heading with galvanized thimble.

Fly Hem Corner Patches

Flags 15x25 ft. and larger are finished with reinforcing corner patches on the fly hem.

To determine flag size, choose a length that is between 1/4 to 1/3 the height of the flagpole.

SIGNATURE® Our Rich, Ultra-Premium Display Flag

For occasions when only the finest, highest quality flag will do. The Signature Series premium flag features a star field emblazoned with rich, oversized embroidered stars and hand-sewn stripes of lightweight, UV & weather resistant SolarGuard® Nylon. This flag's superior quality makes a great presentation and a treasured keepsake.

- **Extra Large, Ultra-Brilliant Stars**
- **Vivid, Fade Resistant ColorFast Dyes**
- **Hand-Sewn 4-Rows Lock Stitching**
- **Attractive Presentation Package**

215	4' x 6' Presentation Flag with Golden Fringe	116.20

*Feature flannel-lined pole headings & Velcro tabs. Not for outdoor use.

Oversized Stars in Brilliant Extra Heavy Embroidery

25% larger than typical stars and created by an especially dense embroidery technique using polished white thread, these stars sparkle brilliantly in the rich blue field.

Stripes Sewn with 4 Rows of Color-Matched Stitching

Seams are double-needle stitched with premium, extra strength polyester thread, color-matched to stripes with back stitch reinforcement.

100% Nylon with ColorFast Dyes

Flies in the lightest breeze, dries quickly and resists the aging effects of sun and weather.

Warning: Indoor Flag Sets should not be used outside. Wind may cause sets to tip over and cause serious injury.

TOUGH-TEX[®]

The Strongest, Longest-Lasting Flag

For institutional and commercial flag displays - nothing beats the performance of a Tough-TEX flag. Made from an open-weave polyester material, this time-tested standard has been America's best U.S. Flag for over 30 years.

- *Best Material for Larger Flags*
- *Ideal for Daily, Long-Term Display*
- *Open Weave Reduces Fabric Stress*
- *Longest Lasting Flag Available*

100% 2-Ply Spun Polyester Weave

Tough-TEX is an open weave polyester engineered to let wind pass through, reducing stress on the flag. Ideal for high wind situations and flags that are flown every day.

Embroidered Stars, Sewn Stripes

Each star is densely filled with brilliant white embroidery yarn that shines brightly against the rich blue background. Sewn stripes with four rows of fray-resistant lock stitching on the fly end.

Flags 15x25 ft. & larger feature corner patches on the fly hem and appliqued stars.

Weather Resistant Fast Colors

The red and blue dyes used in Tough-TEX flags are specifically formulated to resist the fading effects of weather. **One Year ColorFast Guarantee.** No other polyester flag has colors that last longer.

Secure Flag Attachments

Flags 8x12 ft. & larger feature roped heading. Sturdy weather-resistant brass grommets are used on smaller flags.

9-11 FLAG OF HONOR & FLAG OF HEROES

Created with a sincere effort to honor and memorialize those who died in the terror attacks of 9-11, these flags, imprinted with the names of each of those who perished on that day, provide a comfort to the families of the heroes and victims of that tragic day.

Proceeds from the sale of these flags go to several charities, including the Voices of 911 (supporting the families of the victims), the National 911 Museum at Ground Zero and the Flag of Honor Fund.

NEW

Flag Of Honor-Memorial Edition

Includes the names each individual who perished in the attacks of September 11, 2001 and February 26, 1993

Flag Of Heroes

Includes the names of each of the fallen Firefighters, Police, EMS & Court Officers of the 9/11 attacks.

*Quantities limited, please check availability before placing order

The Gonzales flag, originally designed in 1835, has once again become popular. The flag traces its origins to a minor skirmish, the Battle of Gonzales, during the Texas revolution. The Mexican government had originally given a small cannon to the colony of Gonzales to protect itself against raids by Comanche Indians six years earlier and during the revolution was attempting to take back the cannon. The people of Gonzales successfully resisted the Mexican troops and created the handmade Gonzales flag to wave during the battle with the Mexicans, sending a message to "Come and Take It".

CUSTOM SHOP State-of-the-Art Textile Advertising

It takes more than just a digital press to be able to accurately and reliably convert your graphics into vivid, attention-getting flags & banners... It takes experience, it takes a bit of artistry, but most of all it takes a firm commitment to providing customers with only the highest levels of quality and service. It's that kind of commitment that we have established in our 165 years of flagmaking and it's a dedication that has carried over to the products and services we offer for the custom market.

America's Largest, State-of-the-Art High Speed Digital Printing Facility

With our three Reggiani high-speed digital presses we operate the most state-of-the-art digital printing facility in the United States. Our press operators are experts in the advanced printing process required to print custom graphics onto durable, weather-resistant nylon fabrics. In this three-step process, custom formulated acid-dyes are jet-penetrated into the nylon, then steam-set to activate the color and lock the pigment into the fabric. In the final step the fabrics are washed and inspected against provided art for accuracy and correct PMS color matching.

Attentive, Supportive Sales, Creative and Customer Service Staff

We understand that every custom banner or flag we produce represents an important component in the marketing, promotional and educational efforts of our customers. So each order that we produce gets the attentive care and supervision from our team of creative, technical and customer service experts who will work with you to make sure that your project is printed properly, finished as required, packed & shipped in a timely manner... and looks great too!

- ***Made in USA, Since 1847***
- ***Expert Digital Dye Printing & Finishing***
- ***Pantone® Color Matching***
- ***Experienced Customer Service***
- ***No Minimum Orders or Set-Up Charges***
- ***Made Only with American Labor & Materials***

Our three Reggiani Dream Machines give us the largest and fastest digital printing capabilities in the entire United States!

Easy, 3 Step Pricing Custom Pricing for Custom Orders

Because all custom flag projects are... well, custom... we have devised an easy-to-follow system for determining the cost for your specific order - regardless of quantities, materials or options.

- 1 Identify Standard Pricing Based on Item Size & Order Quantity.**
Standard pricing charts listed with each item reflect the base price of each item before applying any added features.
- 2 If Custom Materials or Construction is Required, Apply Multiplier from Chart**
Most items are printed one-sided with a mirror image on the reverse. 200 Denier SolarGuard® Nylon is our standard fabric. Optional fabrics, two-sided constructions and liners are also available and can be priced using the Materials & Construction Multiplier Chart.
- 3 Add-On Costs for Finishing Options - if applicable**
Many items can be further customized with non-standard options such as Fringing, Pole Sleeves, Roped Headers, etc. - Pricing for Add-Ons listed with each item if applicable.

Optional Fabrics
210 Denier High Tenacity Nyl-Glo Same cloth treatment as standard Nyl-Glo but heavier and more durable. Perfect for windier conditions.
70 Denier High Tenacity Nyl-Glo Same cloth treatment as standard Nyl-Glo but light-weight and just as durable. Finer yarn yields the greatest color penetration and vibrancy.

Material & Construction Multipliers	
Item	Multiplier
210 Denier Nyl-Glo Fabric	x 1.1
70 Denier High Tenacity Nyl-Glo Fabric	x 1.2
Double Sided without Liner	x 1.9
Double Sided with Tyvek Liner	x 2.1
Double Sided with Block Out Liner	x 2.2
Single Sided with Double Tyvek Lined Seal	x 1.8
Stock Nylon Backliner	x 1.6

Pricing Example: 2-Sided 2' x 3' Custom Flag with Tyvek Liner & Fringe

1 Standard Price:	2 Custom Multiplier	3 Add On	TOTAL PRICE
\$87.98	x 2.1	= \$184.76 + \$12.00 (1.5/ft x 8)	= \$196.76

Artwork Preparation

In order to obtain the best reproduction of your artwork, logo and graphics, it is important that all electronic artwork be prepared properly. In general, raster images (bitmapped jpg, tiff or PhotoShop files) need to be provided full-size and at a minimum resolution of 150 ppi. Vector art (ai, eps or pdf files) should be created either full-sized or in scale according to the dimensions/proportions of the flag or banner involved. Pantone® color matching is an integral part of our process so please specify PMS colors when necessary.

If your art is not print ready, or if assistance is required to create your artwork, our creative team is available, at an additional cost, to assist you in creating original artwork or adapting your artwork to a desired flag or banner.

Submitting Artwork for Anco-Dyed Printing:

Vector Art should be created to scale. Fonts converted to outlines. Uncoated PMS colors specified as necessary. Accepted formats: .ai, .eps, or PDF. Color mode: RGB

Raster Art should be created full size at a minimum of 150 ppi. PhotoShop or Tiff formats are preferred. JPEG files may be used, but can result in diminished results due to image compression. Raster files are printed as-is, unless formatted as an RBG Indexed file with no more than 25 colors. In this format, color changes can be made if necessary.

Submitting Artwork for Applique:

Vector Art should be created to scale. Fonts converted to outlines. PMS colors specified as necessary. We will match to the closest available color. Accepted formats: .ai, .eps, or .pdf. Color mode: RGB

Raster Art cannot be used for this process. If required, our creative staff can assist you in converting/creating art in the necessary vector format.

Art Creation Charges:

Art Charges are billed at \$100 per hour. To create print-ready art, a clear image is required with colors indicated as necessary. A color rendering of the created art will be provided for approval.

Note: we make every effort to match colors as closely as possible, but for specific colors PMS numbers are required. If PMS numbers have not been specified we cannot be held responsible for color matches once an item is manufactured.

Choosing uncoated PMS colors produces the closest color match

Custom Promotional Flags & Banners

Bring your artwork to life with an eye-catching custom flag or banner. Our exclusive Anco-Dye and color-lock dye formulas reproduce your designs in rich, vivid colors with maximum color retention and durability.

MADE IN THE U.S.A.

- Available in a Wide Ranges of Sizes
- Choose Your Own Fabric & Finishing Options
- ColorFast Dyes with Pantone® Color Matching
- Made Only with American Labor & Materials

Table Banners & Throws

With their durable all-nylon construction these custom table covers have the toughness to stand up to the wear and tear of many seasons of presentations both indoor and outdoor. Table Banners are fitted to standard 6 and 8 foot tables and come with or without side panels. Table Throws are oval shaped and drape naturally at the corners.

- All Nylon Construction
- Three Optional Table Covering Styles
- Durable, Tear and Stain Resistant
- For Indoor & Outdoor Use

Golf & Racing Flags

All numerals are sewn to look better, wear better, and give the course a professional appearance. It is very important that you indicate size, colors and numerals with your order.

There are 9 flags to each set in the official 14 x 20" size: Outgoing Flags are numbered 1 to 9; Incoming Flags are numbered 10 to 18. Self heading and mounted on golf tubes. The fly ends are reinforced with strong nylon thread. Each set is neatly boxed.

GOLF FLAGS NYL-GLO® SETS OF 9 FLAGS ON TUBES

TANGLE FREE SPINNING POLES

Five or six feet long, these poles are available in either a brushed aluminum or white finish. The top forty inches of the pole rotates on ball bearings so the flag will always hang free. There is no need for an unfurling tube.

Each pole is supplied with a ball top, two flag fasteners for flying a traditional flag with grommets and also with a snap and swivel ring for displaying banner type flags with pole sleeves. All models will fit one-inch brackets.

DESCRIPTION OF MATERIALS

Bulldog - Heavyweight cotton spun from sturdy 2-ply carded yarns. Vat dyed in limited colors. Bulldog fabric is most often used today when recreating an authentic historical look and feel of a time gone by. Replaces Defiance.

Colonial Nyl-Glo - Describes flags made of 200 Denier SolarGuard® Nylon for indoor or parade use featuring flannel lined pole headings, Velcro tabs and Golden Yellow fringe.

Det-Glo - This 4 oz. Polyester Knit material has an open weave and a high sheen. Strong and sturdy, Det-Glo's resilient memory stretch and glossy appearance makes it a good choice for outdoor display.

Empire Brand - Lustrous silk-like, Empire brand Flags are Lightweight 70 Denier Nylon, Anco-dyed in brilliant colors from 4 x 6 inches up through 24 x 36 inches.

Nyl-Glo - Describes flags made of 200 Denier SolarGuard® Nylon for outdoor or indoor use. Strong and durable, special parachute cloth treatment reduces sun and chemical deterioration.

210 Denier High Tenacity Nyl-Glo - Same cloth treatment as standard Nyl-Glo but heavier and more durable. Perfect for windier conditions.

70 Denier High Tenacity Nyl-Glo - Same cloth treatment as standard Nyl-Glo but lightweight and just as durable. Finer yarn yields the greatest color penetration and vibrancy

Reliance - Selected heavy cotton sheeting, dyed for Annin for maximum appearance values. An exceptional buy for the budget minded. Used mainly for U.S. Flags and Decorations.

Republic - A blend of polyester/cotton having a "hand" similar to Reliance. All printed 3 x 5 ft. US pattern - used for home flag sets.

Tough-Tex - 2 Ply, 100% woven, spun Polyester, this is the most durable flag material ever created. With the look of cotton, Tough-Tex material was designed for Annin and engineered especially for industrial, commercial or institutional use or wherever severe climactic conditions exist. Accept no imitations.

Verona Brand - The popular stick-flag material made of 70% Polyester / 30% Cotton. Color fast U.S. flags available in traditional spear tip or Saf-T-Ball style.

Dealer Sales Aids are sold at or below cost to Annin's Flag Dealers. Many are offered free. See Net Price List or Call Customer Service for Prices.

FOLDING THE FLAG

The custom of folding the United States Flag into the shape of a triangle bestows unique honor and respect upon the Flag. National Flag Foundation, the Naval Library, the Institute of Heraldry and several other sources have searched for documentation on flag folding, but detailed information regarding its origin remains unknown. NFF and Dr. Harold Langley, former curator at the Smithsonian Institution, theorize that the practice probably developed during World War I when patriotism was high and the United States Flag was universally embraced as a national symbol.

1. Fold the Flag in half lengthwise.
2. Repeat, fold in half lengthwise again, being careful that the blue field is on the outside.
3. As one person holds the Flag by the blue field, another makes a triangular fold in the opposite and continues to make triangular folds until the entire flag is in a triangle.
4. Tuck the loose edge of the Flag into the pocket formed by the folds so that only the blue field and white stars are visible.

NATIONAL FLAG FOUNDATION'S FLAG FOLDING CEREMONY

National Flag Foundation presents its own special flag folding ceremony, incorporating several of the virtues attributed to the colors of the Flag as specified in 1782 by Charles Thomson, then Secretary of Congress. National Flag Foundation recommends that this ceremony be read prior to the actual folding of the flag.

The first fold stands for liberty. In America, we are free to own property, to elect our government representatives, to attend the church of our choice, to openly disagree, to travel freely without restriction, to pursue an education and the "American Dream". The white stripes of the Flag symbolize our liberty.

The second fold represents unity. Abraham Lincoln stated that a house divided against itself cannot stand. National unity in the face of natural disasters and external threats, such as those posed on September 11, 2001, has preserved our constitutional republic.

The third fold stands for justice. In America we believe that every person stands equal before the law and is deserving of just and fair treatment. The laborer and the lawyer are both entitled to justice in America. The blue of the Flag embodies justice.

The fourth fold symbolizes perseverance. To persevere means to endure, to remain steadfast despite severe hardship and obstacles. The Continental Army suffered repeated setbacks before claiming any significant victory. Yet throughout the brutal winter of 1777 at Valley Forge, they persevered.

The fifth fold represents hardiness. Hardiness is the ability to withstand difficulty while remaining resolute despite adversity. The aggressors in World War II underestimated American hardiness. They thought that Americans were soft, incapable and unwilling to endure hardship. Our soldiers and sailors such as those who fought at Normandy and in Korea proved them wrong.

The sixth fold stands for valor. Valor means courage, the act of defending what is right even in the face of opposition. Nathan Hale, the Revolutionary War patriot, was convicted of spying by the British in 1776. Before he was hanged, Hale displayed great valor with his words, "I only regret that I have but one life to give for my country." The red color in the flag represents valor, symbolic of the blood shed by all the American heroes who sacrificed for our freedom.

The seventh fold symbolizes purity. A pure nation is free from taint, from what weakens, pollutes or renders it ineffective. Our Founding Fathers illuminated freedom's path for us when they created the Declaration of Independence, the Constitution and the Bill of Rights. The pure intent of these documents enabled the United States of America to become the greatest of all nations, a land of liberty which beckons to all who are seeking asylum from persecution and oppression.

The eighth fold represents innocence. Innocence implies that one is unacquainted with evil and is thus free from sin. George Washington once stated, "The love of my country will be the ruling influence of my conduct." Americans pay tribute to him and to all those who give devoted service to uphold freedom's ideals without selfish or evil motivations.

The ninth fold signifies sacrifice. To sacrifice is to give up something valued for an ideal, belief or goal. America exists today because of the sacrifices of countless Americans. Many have made the ultimate sacrifice of their lives in battles waged during the Revolution, the World Wars, in Korea, Vietnam, the Gulf War, Afghanistan and other locations around the world. We pay tribute to them and to the firefighters, policemen, soup kitchen volunteers, members of our armed forces and numerous others who continue to sacrifice for freedom.

The tenth fold stands for honor. One who possesses honor possesses a keen sense of ethical conduct. To honor a person or ideal is to display respect for them. We give thanks for all who have acted with honor in the founding and growth of America. We pray that each citizen and all those who represent us in government will conduct themselves in a manner that will continue to bring honor to our nation and to our Flag.

The eleventh fold symbolizes independence. Independence is the state of being free, of being able to make unrestricted choices within the law as free individuals and as a free nation. Ever since our nation's birth, Americans have fiercely defended their independence against all oppressors. Patrick Henry articulated the sentiments of his fellow Americans past, present and future when he uttered those famous words, "Give me liberty, or give me death." America stands as an icon of freedom and independence for the oppressed of the world. May it always remain so.

The twelfth fold represents truth. Truth is the body of real events and facts. It is preserved through adherence to reality and the avoidance of falsehoods. America was built upon God-given truths articulated in the Declaration of Independence "that all men are created equal, that they are endowed by their Creator with certain unalienable rights, that among these are life, liberty, and the pursuit of happiness." Adherence to these truths has made America a great nation. We pledge to continue this noble legacy of truth so that in America, every man woman and child may forever be free.

Flag Etiquette

GENERAL DISPLAY

It is the universal custom to display the flag only from sunrise to sunset on buildings and on stationary flagstaves in the open. However, when a patriotic effect is desired, the flag may be displayed twenty-four hours a day if properly illuminated during the hours of darkness.

1. When displayed either horizontally or vertically against a wall, the union should be uppermost and to the flag's own right, that is, to the observer's left. When displayed in a window, the flag should be displayed in the same way, with the union or blue field to the left of the observer in the street.

No other flag or pennant should be placed above, or, if on the same level, to the right of the flag of the United States of America, except during church services conducted by naval chaplains at sea; for personnel of the Navy; when the church pennant may be flown above the flag.

No person shall display the flag of the United Nations or any other national or international flag equal, above, or in a position of superior prominence or honor to, or in place of, the flag of the United States at any place within the United States or any Territory or possession thereof; Provided, that nothing in this section shall make unlawful the continuance of the practice heretofore followed of displaying the flag of the United Nations in a position of superior prominence or honor, and other national flags in positions of equal prominence or honor, with that of the flag of the United States at the headquarters of the United Nations.

2. When flags of States, cities, or localities, or pennants of societies are flown on the same halyard with the flag of the United States, the latter should always be at the peak.

3. When the flags are flown from adjacent staffs, the flag of the United States should be hoisted first and lowered last. No such flag or pennant may be placed above the flag of the United States or to the United States flag's right.

4. The flag of the United States of America, when it is displayed with another flag against a wall from crossed staffs, should be on the right, the flag's own right, and its staff should be in front of the staff of the other flag.

5. The flag of the United States of America should be at the center and at the highest point of the group when a number of flags of States or localities or pennants of societies are grouped and displayed from staffs.

6. When flags of two or more nations are displayed, they are to be flown from separate staffs of the same height. The flags should be of approximately equal size. International usage forbids the display of the flag of one nation above that of another nation in time of peace.

CHURCHES & AUDITORIUMS

7. When used on a speaker's platform, the flag, if displayed flat, should be displayed above and behind the speaker. When displayed from a staff in a church or public auditorium, the flag of the United States of America should hold the position of superior prominence, in advance of the audience, and in the position of honor at the clergyman's or speaker's right as he faces the audience. Any other flag so displayed should be placed on the left of the clergyman or speaker or the right of the audience.

HALF-STAFF

The flag, when flown at half-staff, should be first hoisted to the peak for an instant and then lowered to the half-staff position. The flag should be again raised to the peak before it is lowered for the day. On Memorial Day, the flag should be displayed at half-staff until noon only, then raised to the top of the staff. By order of the President, the flag shall be flown at half-staff upon the death of principal figures of the United States Government and the Governor of the State, territory or possession, as a mark of respect to their memory. In the event of the death of other officials or foreign dignitaries, the flag is to be displayed at half-staff according to Presidential instructions or orders, or in accordance with recognized customs or practices not inconsistent with law.

In the event of the death of a present or former official of the government of any State, territory or possession of the United States, the Governor of that State, territory or possession may proclaim that the National flag shall be flown at half-staff.

NOTE: the U.S. flag should always be on its own right in relation to other flags on adjacent staffs – to the left of the observer – except when displayed as in #5.
